

REMARKS

Claims 1-2, 6-7, and 14 are finally rejected under 35 USC §102(b) and/or 103 as anticipated by Dignard et al., U.S. 4,662,630, and Warshauer, U.S. 6,033,348.

Claims 1 and 14 has been amended to more particularly describe the structure of the pivot mechanism. As Applicant and Examiner discussed in our previous phone consultation, these structural differences clearly distinguish over the prior art, and should place these claims in condition for allowance. Applicant would like to thank Examiner for his time on the phone in reviewing the patentability of the present claims.

Claims 2- and 6-13 are cancelled. Claim 5 is unchanged, and should be allowable as dependent upon claim 1.

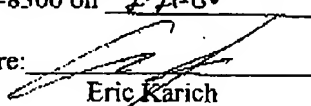

Applicant respectfully requests allowance of claims 1, 5, and 14, as the above amendments have placed these claims into condition for allowance.

Respectfully submitted,
